Terms and Conditions

TD Ameritrade provides monthly statements for accounts with activity and quarterly statements for inactive accounts with assets.¹

Portfolio Summary: Tracks the current value of your portfolio as of the report date and compares it to the prior month.² The asset allocation indicates your portfolio diversification by investment type.

Margin Account Equity (Total Long Marginable Value + Total Short Value)
Margin allocations under 5% will be grouped to the category of "Other" in the pie chart. Margin Equity

Activity Summary: The opening and closing cash balances are recorded here for quick reference. All account activity is summarized for the current period and year-to-date.

Income & Expense Summary (non-IRA only): This section details the income and expense totals from the Activity Summary and classifies the tax treatment.

Retirement Account Summary (IRA only): Review the IRS regulated transactions for the current and prior years. IRS Form 5498 for market value is based on the current account value including

Additional investments as of December 31 of the previous year and will be furnished to the IRS.

Performance Summary: Monitor annual portfolio performance and the unrealized gains and losses for your future investment strategy.

Account Positions: View your investments at the current market value and compare the original cost to see unrealized gains and losses in your portfolio. Original cost is assigned using the first-in, first-out (FIFO) method, which assumes the first shares you sell are those you purchased first. The estimated investment income³ and average cost per share are displayed for your reference (the oldest purchased date is shown for an indication of your holding period). This statement represents a statement of

account assets and account activity of your account only. There is no guarantee that you will receive

the amount or any dividend.

Account Activity: All account activity is listed in date order, and reflected in the closing cash balance.

Trading Pending Settlement: Confirm executed trades with a settlement date after month end. Those transactions will be reflected in the Account Activity section next month.

Online Cash Services Transaction Detail: Cash management transactions that cleared during this period, including check, debit card and A/R activity, are listed in date order.

Online Cash Services Summary: Credit and debit transaction totals for the current period are summarized. Individual transactions are not listed.

Accounting of Reported: Review this statement carefully. If you disagree with any transaction, or if there are any errors or omissions, please contact TD Ameritrade, Inc. and

TD Ameritrade Clearing, Inc. in writing. The statement will otherwise be considered conclusive.

Account Fidelity: TD Ameritrade FID Invest Deposit Account ("FID") deposits are held at one or more banks ("Program Banks"). Three of the Program Banks are Charles Schwab Bank, SSF; Charles

Schwab Broker Bank, SSF; and TD Ameritrade, LPA.

Deposits are insured by FDIC (not covered by FDIC) up to \$250,000. Limits are per account ownership per institution. To learn more about FDIC coverage or obligations of, or guaranteed by,

any bank, go to www.fdic.gov, Securities, including

FDIC-insured, and include investment name, including possible loss of principal.

TD Ameritrade is a member of SIPC, which provides customer protection up to \$500,000 (including \$250,000 for claims for cash). Explanation brochure is available on request at www.sipc.org.

Additionally, TD Ameritrade provides each client \$149.5 million worth of protection for securities and \$2

million of protection for cash through SIPC member coverage provided by London insurers. In the event of

brokerage insolvency, a client may recover amounts due from the trustee in bankruptcy and then SIPC.

Supplemental coverage is paid out after the trustee and SIPC payoffs and under such coverage each

client is limited to a combined limit of \$152 million from a trustee, SIPC and London insurers. The

policy provides coverage following brokerage insolvency and does not protect against loss in market

value of the securities.

An investment in a money market fund is not insured or guaranteed by the FDIC or any other

government agency. Although certain money market funds may seek to preserve their value of your

Option Assignment: All short equity option positions and some index option positions are

available for assignment. Exercise assignment notices for equity or index options are randomly

allocated among all clients' short positions.

Free Credit Balances (Rule 15c3-3 & 3): Under the client protection rules, we may use

payable to you on demand.

Margin Accounts (Regulation T): If you have a margin account, this report is a combination of

your margin account and a special memorandum account. Trading on margin poses additional

risks and is not suitable for all investors. A complete list of the risks associated with margin trading is

available in the margin risk disclosure document. You may obtain a copy of this document by

contacting us at the number listed on page one of your statement.

Payment for Order Flow Disclosure (Rules 606 and 607): Rule 607 of Regulation NMS requires

brokers-dealers to disclose, upon opening a new customer account and on an annual basis thereafter,

(b) the policies regarding receipt of payment for order flow, including a statement as to whether any

payment for order flow is received for routing customer orders and a detailed description of the

nature of the compensation received; and (c) as policies for determining when to route to customer

orders that are the subject of payment for order flow absent specific restrictions.

This firm receives compensation for directing best and CTO securities, and options order flow to

selected market makers (e.g., broker-dealers, exchanges and alternative trading systems for

execution). Compensation generally is in the form of a per share or per contract cash payment. The

also may receive compensation related to the foreign currency exchange component of transactions

in foreign securities from market makers executing such trades. In accordance with SEC Rule 606,

TD Ameritrade posts quarterly reports that detail the material relationships with those market

makers. This report is made available at www.tdameritrade.com/relationships or in

written form upon request. As required under SEC Rule 606(b)(1), on request, TD Ameritrade will

provide the identity of the market maker to which your orders were routed for execution in the six

months prior to the request, whether the orders were directed orders or non-directed orders, and the bid

time of the executions, if any, that resulted from such orders. This applies to both bid and non-bid

order flow.

TD Ameritrade regularly assesses the execution quality provided by the market makers to which we

route orders in seeking best execution for our clients. For non-directed client orders, it is our

policy to route orders to market makers based on a number of factors that are more fully discussed in

the Supplemental Materials of FIMA Rule 5.310, including where applicable, but not necessarily

limited to, speed of execution, price improvement opportunities, differences in price dissemination,

Besting of executions, of the order, size guarantees, service levels and support.

the reliability of order handling systems, customer needs and expectations, transaction costs and

whether the firm will receive remuneration for routing order flow to such market maker. Price

national best bid or offer.

TD Ameritrade provides monthly statements for accounts with activity and quarterly statements for inactive accounts with assets.¹

Portfolio Summary: Tracks the current value of your portfolio as of the report date and compares it to the prior month.² The asset allocation indicates your portfolio diversification by investment type.

Multiple allocations under 5% will be grouped into the category of "Other" in the pie chart. Margin Equity = Total Account Equity (Total Long Marketable Value + Total Short Value)

Activity Summary: The opening and closing cash balances are reconciled here for quick reference.

All account activity is summarized for the current period and year-to-date.

Income & Expense Summary (non-IRA's only): This section details the income and expense totals from the Activity Summary and classifies the tax treatment.

Reirement Account Summary (IRA's only): Review the IRS regulated transactions for the current and prior years. IRS Form 5498 for market value is based on the current account value including Alternative Investments as of December 31 of the previous year and will be furnished to the IRS.

Performance Summary: Monitor annual portfolio performance and the unrealized gains and losses for your future investment strategy.

Account Positions: View your investments at the current market value and compare the original cost to see unrealized gains and losses in your portfolio. Original cost is assigned using the first-in, first-out (FIFO) method, which assumes the first shares you sell are those you purchased first. The estimated investment income³ and average cost per share are displayed for your reference (the oldest purchase date is shown for an indication of your holding period). This statement represents a statement of account assets and account activity of your account only. There is no guarantee that you will receive the amount or any dividend.

Account Activity: All account activity is listed in date order, and reflected in the closing cash balance.

Trades Pending Settlement: Confirm executed trades with a settlement date after month end. These trades will be reflected in the Account Activity section next month.

Online Cash Services Transaction Detail: Cash management transactions that occurred during this period, including check, debit card and ATM activity, are listed in date order.

Online Cash Services Summary: Credit and debit transaction totals for the current period are summarized. Individual transactions are not listed.

TD Ameritrade does not provide legal or tax advice. Please consult your legal advisor or tax accountant when necessary.

Accuracy of Reports: Please review this statement carefully. If you disagree with any transaction, or if there are any errors or omissions, please contact TD Ameritrade, Inc. and TD Ameritrade Clearing at 800-669-3900 within ten (10) days of your receipt of this statement.

To further protect your rights, including rights under the Securities Investor Protection Act (SIPA), any and all statements that you have made should be confirmed to TD Ameritrade and TD Ameritrade Clearing, Inc. in writing. The statement will otherwise be considered conclusive.

Account Protection: TD Ameritrade FDIC Insured Deposit Account (TDA⁴) deposits are held at one or more banks ("Banks"). The FDIC-insured Banks are Capital One Bank, N.A., Charles Schwab Bank, N.A., US Bank, N.A., and Chase Bank, N.A. TD Ameritrade is not a FDIC-insured institution. To learn more about FDIC coverage go to www.fdic.gov. Securities, including mutual funds, held in your Brokerage Account are not deposits or obligations of, or guaranteed by, any bank, are not FDIC-insured, and involve investment risks, including possible loss of principal. TD Ameritrade is a member of SIPC, which protects securities customers of its members up to \$500,000 (including \$250,000 for claims for cash). Explanatory brochure is available on request at www.sipc.org.

Additionally, TD Ameritrade provides each client \$149.5 million worth of protection for securities and \$2 million of protection for cash through supplemental coverage provided by London Investors. In the event of supplemental coverage, a client may receive amounts due from the trustee in bankruptcy and then SIPC. Supplemental coverage is paid out after the trustee and SIPC payouts and under such coverage each client is limited to a combined return of \$152 million from a trust, SIPC and London Investors. The TD Ameritrade supplemental coverage has an aggregate limit of \$500 million over all customers. This policy provides coverage following brokerage insolvency and does not protect against loss in market value of the securities.

An investment in a money market fund is not insured or guaranteed by the FDIC or any other government agency. Although certain money market funds may seek to preserve their value of your investment at \$1 per share, it is possible to lose money by investing in such a fund. Mutual fund purchases may be subject to dilution and other restrictions, as well as charges and expenses. Certain money market funds may impose liquidity fees and redemption gates in certain circumstances. Dividends are declared daily and paid/reinvested monthly. The prospectus contains this and other important information. Read the prospectus, carefully before investing. Non-deposit products held by your broker-dealer are NOT FDIC INSURED / NOT BANK GUARANTEED / MAY LOSE VALUE.

¹Due to rounding adjustments, the statement details may not equal the statement totals.
²Estimated Annual Income and Estimated Annual Yield values are based upon the number of shares owned or current value balance as of the statement date and the most recent dividend rate or cash yield provided.

The balance in your bank deposit account or shares of your money market mutual fund can be liquidated on your order, and the proceeds returned to your securities account or restricted to you. Tax Reporting: The portfolio report is not a tax document. You will receive Form 1099 for annual tax reporting in compliance with IRS requirements (includes taxable interest, dividends, capital gains, losses withheld, and sales proceeds). Some payments are subject to redistribution which will be reflected on subsequent tax reports.

Cost Basis: Cost Basis, tax lot and performance reporting and Gain/Loss are offered and maintained by TD Ameritrade Clearing, Inc. ("TD Ameritrade Clearing"). TD Ameritrade is not responsible for the reliability or suitability of the information provided by TD Ameritrade Clearing. TD Ameritrade Clearing does not guarantee the accuracy of the information and data provided. CCH INCORPORATED is a separate company and is not affiliated with TD Ameritrade.

Margins and Options Account Agreements: Be aware of the following: (1) Commissions and other charges related to the execution of option transactions have been included in confirmations of such transactions previously furnished to you and will be made available promptly upon request. (2) Such transactions previously furnished to you and will be made available promptly upon request. (3) The information provided in this statement is for informational purposes only and does not constitute a financial statement or any other type of financial statement. (4) The information provided in this statement represents base commission and any options contract, exercise, and assignment fees.

Current Market Prices: The market values of securities have been obtained, if available, from quotation services and other independent sources. Values are based on the closing price, the mean between the bid and asking prices, or other methods. If no market value is available from a quotation service or other independent source, the security is valued based on the last available market price. The values on your portfolio report are provided as general information and we do not guarantee the accuracy of any securities prices. Portfolio backed positions are valued using the remaining balance and the current market price. Portfolio report values may not represent sales proceeds.

The secondary market for Certificates of Deposit ("CDs") is generally liquid and the actual value may be different from the purchase price. A significant loss of principal may result from the sale of a CD prior to maturity. Bank and/or Fixed Income Securities may not be sold at the full value of the CD and may result in a loss of principal. Rather, they trade in the OTC (over the counter) market and sufficient liquidity may not exist for you to sell your position prior to maturity. The sale of a market prior to maturity may result in a loss of principal.

Bonds Quantity: The figure on the statement represents the number of bonds. For example, \$3,000 of a \$1,000 face value bond would display as "3" in the quantity.

Alternative Investments ("AIs"), also called Non-Standard Assets ("NSAs"), are typically investments in direct participation programs (partnerships, limited liability companies, or real estate investment trusts), commodity pools, private equity, private debt or hedge funds. AIs are typically liquid investments and do not trade on a national securities exchange. The values shown for these investments are estimated values derived from various methods, including but not limited to, unconfirmed management estimates, independent appraisals, the program's net assets, and/or third party lender offers that are provided by the management, administrator, and/or sponsor of each program, or by a third-party vendor without independent verification by TD Ameritrade. Values may not reflect the original purchase price, actual market value, or the value upon liquidation. If an estimated value cannot be established through these methods, the valuation may be indicated as "Not Available" ("NA"). For additional detail regarding valuation for Alternative Investments, please contact Client Services. These investments are not covered under the SIPC. Alternative investments are applicable to purchases, capital call processing, and redemptions.

A Distribution on Direct Participation Programs and/or REITs are reported and a net investment per share estimated value is also reported. Pricing and distribution information has been provided by the sponsor, issuer or other external party responsible for reporting of the DPP or REIT and the classification of distributions as income or return of capital in whole or in part, is subject to final accounting by such party(ies) and will be reported to you on a Form 1099 or K-1, as applicable.

Auction Rate Securities ("ARS") Pricing: The market values for ARS securities have been obtained, if available, from auction services or other independent sources. The accuracy of the pricing is not guaranteed. If a market value is not available, TD Ameritrade will price the ARS position, taking the consideration both the liquidity and underlying credit quality. The ARS may not be liquid and, as a result, there can be no assurance that such securities can be sold under current market conditions.

All transactions are subject to (i) the commission, rules, regulations, customs and usages of the exchange or market and its clearinghouse, (ii) any commission charges associated with the transaction, and the rules and regulations promulgated thereunder; and (iii) the rules and regulations of FINRA and the Federal Reserve System.

For an investor brochure that includes information describing FINRA's Public Disclosure Program, please contact FINRA at 800-289-9999 or www.finra.org.

The interest rate shown for TD Ameritrade Cash is taken from the applicable interest rate for the Market Value balance in the TD Ameritrade Cash, as of the statement closing date. Simple interest is accrued daily based on the interest rate applicable to each day's balance.

MSRB RULE G-16: TD Ameritrade, Inc. is registered with the Municipal Securities Rulemaking Board and the U.S. Securities and Exchange Commission. The website address for the Municipal Securities Rulemaking Board is <http://www.msrb.org>. An investor brochure for the Municipal Securities Rulemaking Board which describes the protections that may be provided by the Municipal Securities Rulemaking Board rules and how to file a complaint with an appropriate regulatory authority.

Financial Statement Notification: The statement of financial condition for TD Ameritrade Clearing, Inc. is available once a year and may be obtained at no cost, via the internet at <http://www.tdameritrade.com/financialstatement.html>.

Option Assignment: All short equity option positions and some index option positions are available for assignment. Exercise assignment notices for equity or index options are randomly allocated among all clients' short positions.

Free Credit Balances (Rule 15c2-2 & 3): Under the client protection rules, we may use free credit balances in your account in the ordinary course of our business which are payable to you on demand.

Margin Accounts (Regulation T): If you have a margin account, this report is a combination of your margin account and a special memorandum account. Trading on margin poses additional risks and is not suitable for all investors. A complete list of the risks associated with margin trading is available in the margin risk disclosure document. You may obtain a copy of this document by contacting us at the number listed on page one of your statement.

Payment for Order Flow Disclosure (Rules 606 and 607): Rule 607 of Regulation NMS requires broker-dealers to disclose, upon opening a new customer account and on an annual basis thereafter, (i) its policies regarding receipt of payment for order flow, including a statement as to whether any payment for order flow is received for routing customer orders and a detailed description of the nature of the compensation received; and (ii) its policies for determining where to route customer orders that are the subject of payment for order flow absent specific instructions.

The firm receives compensation for directing listed and OTC securities, and options order flow to selected market centers (e.g., broker dealers, exchanges and alternative trading systems for execution). Compensation generally is in the form of a per share or per contract cash payment. The potential for receipt of order flow payment is not a factor in the routing determination. TD Ameritrade also may receive compensation related to the foreign currency exchange component of transactions in foreign securities from market centers executing such trades. In accordance with SEC Rule 606, TD Ameritrade posts quarterly reports that detail the material market centers to which TD Ameritrade routes orders in NMS Securities and TD Ameritrade's material relationships with those market centers. The report is made available at www.tdameritrade.com/disclosure-606-disclosures.aspx or is written form upon request. As required under SEC Rule 606(b)(1), on request, TD Ameritrade will provide the identity of the market center to which your orders were routed for execution in the six months prior to the request, whether the orders were directed orders or non-directed orders, and the time line of the executions, if any, that resulted from such orders. This applies to both bid and not bid order flow.

TD Ameritrade regularly assesses the execution quality provided by the market centers to which we route order flow in seeking best execution for our clients. For non-directed client orders, it is our policy to route orders to market centers based on a number of factors that are more fully discussed in the Supplemental Materials of FINRA Rule 310, including where applicable, but not necessarily limited to, speed of execution, price improvement opportunities, differences in price dissemination, likelihood of executions, the marketability of the order, size guarantees, service levels and support, the reliability of order handling systems, customer needs and expectations, transaction costs and whether the firm will receive remuneration for routing order flow to such market centers. Price improvement occurs when an order is executed at a price that is more favorable than the displayed national best bid or offer.

Trade Confirmations (Rule 15b-10): All confirmations are transmitted on the transaction date. You participate in the Dividend Reinvestment Plan (DRIP) details regarding the reinvestment of dividends will be included on your monthly statements. TD Ameritrade will act as agent in having your DRIP purchases executed.

Future Options Disclosures for EU Clients: In accordance with the Packaged Retail and Insurance-based Investment Products Regulation - EU No 1286, retail investors based in the European Economic Area (EEA) can access Key Information Documents (KIDs) through the following landing page: <https://tdameritrade.com/price-regulation-page>

Taxes: Transactions in foreign securities (including foreign company ADRs that trade in the U.S.) may include taxes and fees charged by the foreign markets or governments, which may be reflected in the price of the security or charged as an independent line item.

Privacy Policy Notification: A copy of the TD Ameritrade privacy policy is available at www.tdameritrade.com

Callable Securities: The allocation of partial redemptions or calls is done using a pro-rata lottery system. A description of the procedures for callable securities is available on the website or hard copies are available upon request.

Terms and Conditions

TD Ameritrade provides monthly statements for accounts with activity and quarterly statements for inactive accounts with assets.

Portfolio Summary: The asset allocation indicates your portfolio as of the report date and compares it to the prior month. The asset allocation indicates your portfolio diversification by investment type.

Margin Account Summary (Regulation T): If you have a margin account, this report is a combination of your margin account and a special memorandum account. Trading on margin poses additional risks and is not suitable for all investors. A complete list of the risks associated with margin trading is available in the margin risk disclosure document. You may obtain a copy of this document by contacting us at the number listed on page one of your statement.

Income & Expense Summary (non-IRA only): This section details the income and expense totals from the Activity Summary and classifies the tax treatment.

Refund and Rollover Summary (IRA only): Review the IRS regulated transactions for the current and prior years. IRS Form 5498 has market value is based on the current account value including Alternative Investments as of December 31 of the previous year and will be furnished to the IRS.

Performance Summary: Monitor annual portfolio performance and the unrealized gains and losses for your future investment strategy.

Account Position: View your investments at the current market value and compare the original cost to see unrealized gains and losses in your portfolio. Original cost is assigned using the first-in, first-out (FIFO) method, which assumes the first shares you sell are those you purchased first. The estimated investment income¹ and average cost per share are displayed for your reference (the oldest purchased date is shown on a reduction of your holding period). This statement represents a statement of this amount or any dividend.

Account Activity: All account activity is listed in date order, and reflected in the closing cash balance.

Trading Pending Settlement: Confirm executed trades with a settlement date after month end and these transactions will be reflected in the Account Activity section next month.

Online Cash Services Transaction Detail: Cash management transactions that cleared during this period, including check, debit card and ATM activity, are listed in date order.

Online Cash Services Summary: Credit and debit transaction totals for the current period are summarized. Individual transactions are not listed.

Accuracy of Report: Please review this statement carefully. If you disagree with any transaction, or if there are any errors or omissions, please contact TD Ameritrade, Inc. and TD Ameritrade Clearing, Inc. in writing. The statement will otherwise be considered conclusive.

Account Protection: TD Ameritrade FDIC Insured Deposit Account ("IDA") deposits are held at one or more banks ("Program Banks"). Three of the Program Banks are Charles Schwab Bank, SSB, Charles Schwab Bank, SSB and Capital One Bank, each an affiliate of TD Ameritrade, SSB. Deposits are insured by the FDIC (not covered by SIPC) up to \$250,000. Limits are per account ownership, not individual. For loan program, more about FDIC coverage go to www.fdic.gov. Securities, including mutual funds, held in a separate FDIC coverage go to www.fdic.gov. Securities, including any bank, are not FDIC-insured. TD Ameritrade is a member of SIPC, which protects securities customers of its members up to \$500,000 (including \$250,000 for claims for cash). Exploratory brochure is available on request at www.sipc.org.

Additional: TD Ameritrade provides each client \$149.5 million worth of protection for securities and \$2 million of protection for cash through equipment coverage provided by London insurers. In the event of brokerage insolvency, a client may receive amounts due from the Insurer in bankruptcy and then SIPC. SIPC coverage is paid out after the Insurer and under such coverage each client is limited to a combined return of \$152 million from a trustee, SIPC and London insurers. The policy provides coverage following brokerage insolvency and does not protect against loss in market value of the accounts.

An investment in a money market fund is not insured or guaranteed by the FDIC or any other government agency. Although certain money market funds may seek to preserve the value of your investment at \$1 per share, it is possible to lose money by investing in such a fund. A mutual fund purchases may be subject to eligibility and other restrictions, as well as changes and corporate. Certain money market funds may impose equally funds and redemption gates in certain circumstances.

Investors are a dedicated daily and periodically monthly. The prospectus contains this and other important information. Read the prospectus carefully before investing. Non-deposit investments held by your broker-dealer are NOT FDIC INSURED / NOT BANK GUARANTEED / MAY LOSE VALUE.

Due to rounding discrepancies, the statement details may not equal the statement totals. Estimated Annual Income and Estimated Annual Net Values are based upon the number of shares owned or current value balance as of the statement date and the most recent dividend rate or cash yield provided.

The balance in your bank deposit account or shares of your money market mutual fund can be liquidated on your order, and the proceeds returned to your securities account or returned to you.

Tax Reporting: The portfolio received is not a tax document. You will receive Form 1099 for annual tax reporting in correspondence with IRS requirements (includes taxable interest, dividends, capital gains, taxes withheld, and sales proceeds). Some payments are subject to recalculation which will be reported on subsequent tax reports.

Cost Basis: Cost-Basis, last bid and performance reporting and GasMarkets are the method or conducted by CCH INCORPORATED. TD Ameritrade is not responsible for the reliability or suitability of the information. TD Ameritrade and its information providers do not guarantee the accuracy of the information and data provided. CCH INCORPORATED is a separate company and is not affiliated with TD Ameritrade.

Margin and Options Account Agreements: Be aware of the following: 1) Commencement and other changes related to the execution of option transactions have been included in confirmations of such transactions previously furnished to you and will be made available promptly upon request.

2) Promptly advise TD Ameritrade in writing of any change in your investment objectives or financial situation as they pertain to your margin or options account agreement. Communications or representations base commission and any options contract, exercise, and assignment fee.

Current Market Prices: The market values of securities have been obtained if available, from question the bid and asking prices, or other methods. If no market value is available from a question service or other independent source, the security is subject to being reflected as Not Available (N/A).

The valuations on your portfolio report are provided as general information and we do not guarantee the accuracy of any securities prices. Morningstar ranked positions are valued using the remaining balance and the current market price. Portfolio report valuations may not represent sales proceeds.

The second market for Corporate Deposits ("CDs") is generally liquid and the actual value may be different from the purchase price. A significant loss of principal may result from the sale of a CD prior to maturity. Bonds and/or Fixed Income Securities trade differently than equity securities and do not trade on a liquid exchange. Rather, they trade in the OTC (over the counter) market and sufficient liquidity may not exist for you to sell your position prior to maturity. The sale of bonds prior to maturity may result in a loss of principal.

Bonds Quarterly: The figure on the statement represents the number of bonds. For example, \$3,000 of a \$1,000 bond value bond would display as "3" in the quantity.

Alternative Investments ("AI"), also called Non Standard Assets ("NSA"), or typically investments in direct participation program securities (private equity, private debt or hedge funds, AI are typically liquid investments) and do not trade on a national securities exchange. The values shown for these investments are estimated values derived from various methods, including but not limited to, unaffiliated management agencies, independent appraisal companies, and other third party broker dealers that have been provided by the management, administrative, and/or support each program, or by a third-party vendor without independent verification by TD Ameritrade. Valuations cannot be established through these methods, the valuation may be reflected as Not Available ("N/A"). For additional detail regarding valuation for Alternative Investments, please contact Client Services. These investments are not covered under the SIPC. All transaction fees are applicable to purchases, capital and processing, and redemptions.

Distributions on Direct Participation Programs and/or REITs are reported and a net investment per share estimated value is also reported. Pricing and distribution information has been provided by the sponsor, issuer or other authorized party responsible for reporting of the DCP or REIT and the distribution of capital in whole or in part, is subject to final determination by such party(ies) and will be reported to you on a Form 1099 or K-1, as applicable.

Allocation Rate Securities ("ARS") Pricing: The market values for ARS securities have been determined, if available, from quotation services or other independent sources. The accuracy of the pricing is not guaranteed. If a market value is not available, TD Ameritrade will price the ARS position using the consideration both the liquidity and underlying credit quality. The ARS may be sold under current market conditions.

All transactions are subject to (i) the consideration, rules, regulations, customs and usages of the exchange or market, and its designated futures, and (ii) which such transactions are executed (i) local and time zone, and the rules and regulations promulgated thereunder, and (e) the rules and regulations of FINRA and the Federal Reserve Bank.

For an investor brochure that includes information describing FINRA's Public Disclosure Program, please contact FINRA at 800-289-9999 or www.finra.org.

The interest rate shown for TD Ameritrade Cash is taken from the applicable interest rate for the Mutual Share balance in the TD Ameritrade Cash, as of the statement closing date.

Simple interest is accrued daily based on the interest rate per applicable to each day's balance.

MSRB RULE 4-01: TD Ameritrade, Inc. is registered with the Municipal Securities Rulemaking Board and the U.S. Securities and Exchange Commission. The website address for the Municipal Securities Rulemaking Board is <http://www.msrb.org>. An investor brochure is available on the website of the Municipal Securities Rulemaking Board rules and how to file a complaint with an appropriate regulatory authority.

Three of the Program Banks are Charles Schwab Bank, SSB, Charles Schwab Bank, SSB and Capital One Bank, each an affiliate of TD Ameritrade, SSB. Deposits are insured by the FDIC (not covered by SIPC) up to \$250,000. Limits are per account ownership, not individual. For loan program, more about FDIC coverage go to www.fdic.gov. Securities, including mutual funds, held in a separate FDIC coverage go to www.fdic.gov. Securities, including any bank, are not FDIC-insured. TD Ameritrade is a member of SIPC, which protects securities customers of its members up to \$500,000 (including \$250,000 for claims for cash). Exploratory brochure is available on request at www.sipc.org.

Additional: TD Ameritrade provides each client \$149.5 million worth of protection for securities and \$2 million of protection for cash through equipment coverage provided by London insurers. In the event of brokerage insolvency, a client may receive amounts due from the Insurer in bankruptcy and then SIPC. SIPC coverage is paid out after the Insurer and under such coverage each client is limited to a combined return of \$152 million from a trustee, SIPC and London insurers. The policy provides coverage following brokerage insolvency and does not protect against loss in market value of the accounts.

An investment in a money market fund is not insured or guaranteed by the FDIC or any other government agency. Although certain money market funds may seek to preserve the value of your investment at \$1 per share, it is possible to lose money by investing in such a fund. A mutual fund purchases may be subject to eligibility and other restrictions, as well as changes and corporate. Certain money market funds may impose equally funds and redemption gates in certain circumstances.

Terms and Conditions

TD Ameritrade provides monthly statements for accounts with activity and quarterly statements for inactive accounts with assets.¹

Portfolio Summary: Tracks the current value of your portfolio as of the report date and compares it to the prior month. The asset allocation indicates your portfolio diversification by investment type. Multiple allocations under 5% will be grouped into the category of "Other" in the pie chart. Margin Equity = Total Account Equity (Total Long Marginate Value + Total Short Value)

Activity Summary: The opening and closing cash balances are recorded here for quick reference. All account activity is summarized for the current period and year-to-date.

Income & Expense Summary (non-IRAs only): This section details the income and expense totals from the Activity Summary and classifies the tax treatment.

Reirement Account Summary (IRAs only): Review the IRS regulated transactions for the current and prior years. IRS Form 5498 for market value is based on the current account value including Alternative Investments as of December 31 of the previous year and will be furnished to the IRS.

Performance Summary: Monitor annual portfolio performance and the unrealized gains and losses for your future investment strategy.

Account Positions: View your investments at the current market value and compare the original cost to see unrealized gains and losses in your portfolio. Original cost is assigned using the first-in, first-out (FIFO) method, which assumes the first shares you sell are those you purchased first. The estimated investment income² and average cost per share are displayed for your reference (the oldest purchase date is shown for an indication of your holding period). This statement represents a statement of account assets and account activity of your account only. There is no guarantee that you will receive this amount or any dividend.

Account Activity: All account activity is listed in date order, and reflected in the closing cash balance.

Trades Pending Settlement: Confirm executed trades with a settlement date after month end. These transactions will be reflected in the Account Activity section next month.

Online Cash Services Transaction Detail: Cash management transactions that occurred during this period, including check, debit card and ATM activity, are listed in date order.

Online Cash Services Summary: Credit and debit transaction totals for the current period are summarized. Individual transactions are not listed.

TD Ameritrade does not provide legal or tax advice. Please consult your legal advisor or tax accountant when necessary.

Accuracy of Reports: Please review this statement carefully. If you disagree with any transaction, or if there are any errors or omissions, please contact TD Ameritrade, Inc. and TD Ameritrade Clearing at 800-669-3900 within ten (10) days of your receipt of this statement. To further protect your rights, including rights under the Securities Investor Protection Act (SIPA), any and all statements that you have made should be confirmed to TD Ameritrade and TD Ameritrade Clearing, Inc. in writing. The statement will otherwise be considered conclusive.

Account Protection: TD Ameritrade FDIC Insured Deposit Account (TDIA) deposits are held at one or more banks (Member Banks). Three of the Program Banks are Charles Schwab Bank, SSB, Charles Schwab Bank, SSB, and Charles Schwab Bank, SSB, each an affiliate of TD Ameritrade, Inc. Deposits are insured by the FDIC (not covered by SIPC) up to \$250,000. Limits are per account ownership per institution. To learn more about FDIC coverage go to www.fdic.gov. Securities, including mutual funds, held in your Brokerage Account are not deposits or obligations of, or guaranteed by, any bank, are not FDIC-insured, and involve investment risks, including possible loss of principal. TD Ameritrade is a member of SIPC, which protects securities customers of its members up to \$500,000 (including \$250,000 for claims for cash). Explanatory brochure is available on request at www.sipc.org.

Additionally, TD Ameritrade provides each client \$149.5 million worth of protection for securities and \$2 million of protection for cash through supplemental coverage provided by London insurers. In the event of brokerage insolvency, a client may receive amounts due from the trustee in bankruptcy and then SIPC. Supplemental coverage is paid out after the trustee and SIPC payouts and under such coverage each client is limited to a combined return of \$152 million from a trustee, SIPC and London insurers. The TD Ameritrade supplemental coverage has an aggregate limit of \$500 million over all customers. This policy provides supplemental coverage following brokerage insolvency and does not protect against loss in market value of the securities.

An investment in a money market fund is not insured or guaranteed by the FDIC or any other government agency. Although certain money market funds may seek to preserve their value of your investment at \$1 per share, it is possible to lose money by investing in such a fund. Mutual fund purchases may be subject to eligibility and other restrictions, as well as charges and expenses. Certain money market funds may impose liquidity fees and redemption gates in certain circumstances. Dividends are declared daily and paid/reinvested monthly. The prospectus contains this and other important information. Read the prospectus carefully before investing. Non-dollar investments held by your broker-dealer are NOT FDIC INSURED / NOT BANK GUARANTEED / MAY LOSE VALUE.

¹Due to rounding adjustments, the statement details may not equal the statement totals. ²Estimated Annual Income and Estimated Annual Yield values are based upon the number of shares owned or current value balance as of the statement date and the most recent dividend rate or cash yield provided.

The balance in your bank deposit account or shares of your money market mutual fund can be liquidated on your order, and the proceeds returned to your securities account or remitted to you. Tax Reporting: The portfolio report is not a tax document. You will receive Form 1099 for annual tax reporting in compliance with IRS requirements (includes taxable interest, dividends, capital gains, taxes withheld, and sales proceeds). Some payments are subject to nondiscrimination which will be reflected on subsequent tax reports.

Cost Basis: Cost-Basis, last bid and performance reporting and Gain/Loss are offered and conducted by CCH INCORPORATED. TD Ameritrade is not responsible for the reliability or suitability of the information. TD Ameritrade and its information providers do not guarantee the accuracy of the information and data provided. CCH INCORPORATED is a separate company and is not affiliated with TD Ameritrade.

Margin and Options Account Agreements: Be aware of the following: 1) Commissions and other charges related to the execution of option transactions have been included in confirmations of such transactions previously furnished to you and will be made available promptly upon request. 2) Promptly advise TD Ameritrade in writing of any change in your investment objectives or financial situation as to your margin or options account agreements. Commission/Fee represents base commission and any options contract, exercise, and assignment fees.

Current Market Prices: The market values of securities have been obtained, if available, from quotation services and other independent sources. Values are based on the closing price, the mean between the bid and asking prices, or other methods. The market value is available from a quotation service or other independent source, the security is subject to being reduced to Not Available (N/A). The values on your portfolio report are provided as general information and we do not guarantee the accuracy of any securities prices. Mortgage backed securities are valued using the remaining balance and the current market price. Portfolio report valuations may not represent sales proceeds. The secondary market for Certificates of Deposits (CDs) is generally liquid and the actual value may be different from the purchase price. A significant loss of principal may result from the sale of a CD prior to maturity. Bonds and/or Fixed Income Securities trade differently from equity securities and do not trade on a liquid exchange. Rather, they trade in the OTC (over the counter) market and sufficient liquidity may not exist for you to sell your position prior to maturity. The sale of bonds prior to maturity may result in a loss of principal.

Bonds Quantity: The figure on the statement represents the number of bonds. For example, \$1,000 of a \$1,000 face value bond would display as "3" in the quantity. **Alternative Investments ("AI"),** also called Non-Standard Assets ("NSA"), are typically investments in indirect participation program securities (commodity, limited liability companies, or real estate investment trusts), commodity pools, private equity, private debt or hedge funds. AI are typically liquid investments and do not trade on a national securities exchange. The values shown for these investments are estimated values derived from various sources, including, but not limited to, unaffiliated management estimates, independent appraisals, the program's net assets, and/or third party lender offers that have been provided by the management, administrator, and/or sponsor of each program, or by a third-party vendor prior to independent verification by TD Ameritrade. Values may not reflect the original purchase price, actual market value or be realized upon liquidation. If an estimated value cannot be established through these methods, the valuation may be reduced as Not Available ("N/A"). For additional detail regarding valuation for Alternative Investments, please contact Client Services. These investments are not covered under the SIPC. Alternative fees are applicable to purchases, capital call processing, and redemptions.

A Distributions on Dividend Participation Programs and/or REITs are reported and a net investment per share estimated value is also reported. Pricing and distribution information has been provided by the sponsor, issuer or other external party responsible for reporting of the DPP or REIT and the classification of distributions as income or return of capital in whole or in part is subject to final accounting by such party(ies) and will be reported to you on a Form 1099 or K-1, as applicable. **Auction Rate Securities ("ARS") Pricing:** The market values for ARS securities have been obtained, if available, from quotation services or other independent sources. The accuracy of pricing is not guaranteed. If a market value is not available, TD Ameritrade will price the ARS position, taking into consideration both the liquidity and underlying credit quality. The ARS may be liquidly and, as a result, there can be no assurance that such securities can be sold under current market conditions.

All transactions are subject to (i) the commission, rules, regulations, customs and usages of the exchange or market, and its clearing rules, any, on which such transactions are executed (ii) federal and state law, and the rules and regulations promulgated thereunder, and (e) the rules and regulations of FINRA and the Federal Reserve System.

For an investor brochure that includes information describing FINRA's Public Disclosure Program, please contact FINRA at 800-289-9999 or www.finra.org. The interest rate shown for TD Ameritrade Cash is taken from the applicable interest rate tier for the Market Value balance in the TD Ameritrade Cash, as of the statement closing date. Simple interest is accrued daily based on the interest rate for applicable to each day's balance.

MSRB RULE G-10: TD Ameritrade, Inc. is registered with the Municipal Securities Rulemaking Board and the U.S. Securities and Exchange Commission. The website address for the Municipal Securities Rulemaking Board is <http://www.msrb.org>. An investor brochure is available on the website of the Municipal Securities Rulemaking Board which describes the protections that may be provided by the Municipal Securities Rulemaking Board rules and how to file a complaint with an appropriate regulatory authority.

Financial Statement Notification: The statement of financial condition for TD Ameritrade Clearing, Inc. is available twice a year and may be obtained at no cost, via the internet at <http://www.idameritrade.com/financialstatement.html>.

Option Assignment: All short equity option positions and some index option positions are available for assignment. Exercise assignment notices for equity or index options are randomly allocated among all clients' short positions.

Free Credit Balances (Rule 15c3-2 & 3): Under the client protection rules, we may use free credit balances in your account in the ordinary course of our business which are payable to you on demand.

Margin Accounts (Regulation T): If you have a margin account, this report is a continuation of your margin account and a special memorandum account. Trading on margin poses additional risks and is not suitable for all investors. A complete list of the risks associated with margin trading is available in the margin risk disclosure document. You may obtain a copy of this document by contacting us at the number listed on page one of your statement.

Payment for Order Flow Disclosure (Rules 606 and 607): Rule 607 of Regulation NMS requires broker-dealers to disclose, upon opening a new customer account and on an annual basis thereafter, (i) the policies regarding receipt of payment for order flow, including a statement as to whether any payment for order flow is received for routing customer orders and a detailed description of the nature of the compensation received; and (ii) its policies for determining where to route customer orders that are the subject of payment for order flow absent specific instructions.

The firm receives compensation for directing listed and OTC securities, and options order flow to selected market centers (e.g., broker dealers, exchanges and alternative trading systems for execution). Compensation generally is in the form of a per share or per contract cash payment. The potential for receipt of order flow payment is not a factor in the routing decision. TD Ameritrade also may receive compensation related to the foreign currency exchange component of transactions in foreign securities from market centers executing such trades. In accordance with SEC Rule 606, TD Ameritrade posts publicly reports that detail the national market centers to which TD Ameritrade routes orders in NMS Securities and TD Ameritrade's material relationships with these market centers. This report is made available at www.idameritrade.com/ratio-cal-606-disclosure.pdf or in written form upon request. As required under SEC Rule 606(k)(1), on request, TD Ameritrade will provide the identity of the market center to which your orders were routed for execution in the six months prior to the request, whether the orders were directed orders or non-directed orders, and the time of the executions, if any, that resulted from such orders. This applies to both bid and not bid order flow.

TD Ameritrade regularly assesses the execution quality provided by the market centers to which we route order flow in seeking best execution for our clients. For non-directed client orders, it is our policy to route orders to market centers based on a number of factors that are more fully discussed in the Supplemental Materials of FINRA Rule 5310, including where applicable, but not necessarily limited to, speed of execution, price improvement opportunities, differences in price, dissemination, likelihood of execution, the availability of the order, also guarantee, service levels and support, the reliability of order handling systems, customer needs and expectations, transaction costs and whether the firm will receive remuneration for routing order flow to such market centers. Price improvement occurs when an order is executed at a price that is more favorable than the displayed national best bid or offer.

Trade Confirmations (Rule 10b-10): All confirmations are transmitted on the transaction date. You participate in the Dividend Reinvestment Plan (DRIP) details regarding the reinvestment of dividends will be included on your monthly statements. TD Ameritrade will act as agent in having your DRIP purchases executed.

Future/Options Disclosures for EU Clients: In accordance with the Packaged Retail and Insurance-based Investment Products Regulation - EU No 1286, retail investors based in the European Economic Area (EEA) can access Key Information Documents (KIDs) through the following landing page: <https://idameritrade.com/prop-regulation.page>

Taxes: Transactions in foreign securities (including foreign company ADRs that trade in the U.S.) may include taxes and fees charged by the foreign markets or governments, which may be reflected in the price of the security or charged as an independent line item.

Privacy Policy Notification: A copy of the TD Ameritrade privacy policy is available at www.idameritrade.com

Callable Securities: The allocation of partial redemptions or calls is done using a pro-rata lottery system. A description of the procedures for callable securities is available on the website or hard copies are available upon request.

Mutual fund purchases may be subject to eligibility and other restrictions, as well as charges and expenses. Certain money market funds may impose liquidity fees and redemption gates in certain circumstances.

Dividends are declared daily and paid/reinvested monthly. The prospectus contains this and other important information. Read the prospectus carefully before investing. Non-deposit investments held by your broker-dealer are NOT FDIC INSURED / NOT BANK GUARANTEED / MAY LOSE VALUE.

¹ Due to rounding adjustments, the statement details may not equal the statement totals.

² Estimated Annual Income and Estimated Annual Yield values are based upon the number of shares owned or current value balance as of the statement date and the most recent dividend rate or cash yield provided.

The balance in your bank deposit account or shares of your money market mutual fund can be liquidated on your order, and the proceeds returned to your securities account or remitted to you.

Tax Reporting: The portfolio report is not a tax document. You will receive Form 1099 for annual tax reporting in compliance with IRS requirements (includes taxable interest, dividends, capital gains, taxes withheld, and sales proceeds). Some payments are subject to reclassification which will be reflected on subsequent tax reports.

Cost Basis: Cost-Basis, tax lot and performance reporting and Gainskeeper are offered and conducted by CCH INCORPORATED. TD Ameritrade is not responsible for the reliability or suitability of the information. TD Ameritrade and its information providers do not guarantee the accuracy of the information and data provided. CCH INCORPORATED is a separate company and is not affiliated with TD Ameritrade.

Margin and Options Account Agreements: Be aware of the following: 1) Commissions and other charges related to the execution of option transactions have been included in confirmations of such transactions previously furnished to you and will be made available promptly upon request. 2) Promptly advise TD Ameritrade in writing of any change in your investment objectives or financial situation as they pertain to your margin or options account agreements. Commission/Fee represents base commission and any options contract, exercise, and assignment fees.

Current Market Prices: The market values of securities have been obtained, if available, from quotation services and other independent sources. Values are based on the closing price, the mean between the bid and asking prices, or other methods. If no market value is available from a quotation service or other independent source, the security is subject to being reflected as Not Available ("NA"). The valuations on your portfolio report are provided as general information and we do not guarantee the accuracy of any securities prices. Mortgage backed positions are valued using the remaining balance and the current market price. Portfolio report valuations may not represent sales proceeds. The secondary market for Certificates of Deposits ("CDs") is generally illiquid and the actual value may be different from the purchase price. A significant loss of principal may result from the sale of a CD prior to maturity. Bonds and/or Fixed Income Securities trade differently than equity securities and do not trade on a liquid exchange. Rather, they trade in the OTC (over the counter) market and sufficient liquidity may not exist for you to sell your position prior to maturity. The sale of bonds prior to maturity may result in a loss of principal.

Bonds Quantity: The figure on the statement represents the number of bonds. For example, \$3,000 of a \$1,000 face value bond would display as "3" in the quantity.

Alternative Investments ("AI"), also called Non Standard Assets ("NSA"), are typically investments in direct participation program securities (partnerships, limited liability companies, or real estate investment trusts), commodity pools, private equity, private debt or hedge funds. AI are typically illiquid investments and do not trade on a national securities exchange. The values shown for these investments are estimated values derived from various methods, including, but not limited to, unconfirmed management estimates, independent appraisals, the program's net assets, and/or third party lender offers that have been provided by the management, administrator, and/or sponsor of each program, or by a third-party vendor without independent verification by TD Ameritrade. Values may not reflect the original purchase price, actual market value or be realized upon liquidation. If an estimated value cannot be established through these methods, the valuation may be reflected as Not Available ("NA"). For additional detail regarding valuation for Alternative Investments, please contact Client Services. These investments are not covered under the SIPC. AI transaction fees are applicable to purchases, capital call processing, and redemptions.

Distributions on Direct Participation Programs and/or REITs are reported and a net investment per share estimated value is also reported. Pricing and distribution information has been provided by the sponsor, issuer or other external party responsible for reporting of the DPP or REIT and the classification of distributions as income or return of capital in whole or in part is subject to final accounting by such party(ies) and will be reported to you on a Form 1099 or K-1, as applicable.

Auction Rate Securities ("ARS") Pricing: The market values for ARS securities have been obtained, if available, from quotation services or other independent sources. The accuracy of the pricing is not guaranteed. If a market value is not available, TD Ameritrade will price the ARS position, taking into consideration both the liquidity and underlying credit quality. The ARS may lack liquidity and, as a result, there can be no assurance that such securities can be sold under current market conditions.

All transactions are subject to (i) the constitution, rules, regulations, customs and usages of the exchange or market, and its bylaws, if any, on which such transactions are executed; (ii) federal and state laws, and the rules and regulations promulgated thereunder; and (iii) the rules and regulations of FINRA and the Federal Reserve System.

For an investor brochure that includes information describing FINRA's Public Disclosure Program, please contact FINRA at 800-289-9999 or www.finra.org.

The interest rate shown for TD Ameritrade Cash is taken from the applicable interest rate tier for the Market Value balance in the TD Ameritrade Cash, as of the statement closing date. Simple interest is accrued daily based on the interest rate tier applicable to each day's balance.

MSRB RULE G-10: TD Ameritrade, Inc. is registered with the Municipal Securities Rulemaking Board and the U.S. Securities and Exchange Commission. The website address for the Municipal Securities Rulemaking Board is <http://www.msrb.org>. An investor brochure is available on the website of the Municipal Securities Rulemaking Board which describes the protections that may be provided by the Municipal Securities Rulemaking Board rules and how to file a complaint with an appropriate regulatory authority.

Financial Statement Notification: The statement of financial condition for TD Ameritrade Clearing, Inc. is available twice a year and may be obtained at no cost, via the internet at: <http://www.tdameritrade.com/financialstatement.html>.

Option Assignment: All short equity option positions and some index option positions are available for assignment. Exercise assignment notices for equity or index options are randomly allocated among all clients' short positions.

Free Credit Balances (Rule 15c3-2 & 3): Under the client protection rules, we may use free credit balances in your account in the ordinary course of our business which are payable to you on demand.

Margin Accounts (Regulation T): If you have a margin account, this report is a combination of your margin account and a special memorandum account. Trading on margin poses additional risks and is not suitable for all investors. A complete list of the risks associated with margin trading is available in the margin risk disclosure document. You may obtain a copy of this document by contacting us at the number listed on page one of your statement.

Payment for Order Flow Disclosure (Rules 606 and 607): Rule 607 of Regulation NMS requires broker-dealers to disclose, upon opening a new customer account and on an annual basis thereafter: (i) its policies regarding receipt of payment for order flow, including a statement as to whether any payment for order flow is received for routing customer orders and a detailed description of the nature of the compensation received, and (ii) its policies for determining where to route customer orders that are the subject of payment for order flow absent specific instructions.

The firm receives compensation for directing listed and OTC securities, and options order flow to selected market centers (e.g., broker-dealers, exchanges and alternative trading systems for execution). Compensation generally is in the form of a per share or per contract cash payment. The potential for receipt of order flow payment is not a factor in the routing determination. TD Ameritrade also may receive compensation related to the foreign currency exchange component of transactions in foreign securities from market centers executing such trades. In accordance with SEC Rule 606, TD Ameritrade posts quarterly reports that detail the material market centers to which TD Ameritrade routes orders in NMS Securities and TD Ameritrade's material relationships with those market centers. This report is made available at www.tdameritrade.com/historical-606-disclosure.page or in written form upon request. As required under SEC Rule 606(b)(1), on request, TD Ameritrade will provide the identity of the market center to which your orders were routed for execution in the six months prior to the request, whether the orders were directed orders or non-directed orders, and the time of the executions, if any, that resulted from such orders. This applies to both held and not held order flow.

TD Ameritrade regularly assesses the execution quality provided by the market centers to which we route order flow in seeking best execution for our clients. For non-directed client orders, it is our policy to route orders to market centers based on a number of factors that are more fully discussed in the Supplemental Materials of FINRA Rule 5310, including where applicable, but not necessarily limited to speed of execution, price improvement opportunities, differences in price improvement, likelihood of executions, the marketability of the order, size guarantees, service levels and support, the reliability of order handling systems, customer needs and expectations, transaction costs and whether the firm will receive remuneration for routing order flow to such market centers. Price improvement occurs when an order is executed at a price that is more favorable than the displayed national best bid or offer.

Trade Confirmations (Rule 10b-10): All confirmations are transmitted on the transaction date. If you participate in the Dividend Reinvestment Plan (DRIP) details regarding the reinvestment of dividends will be included on your monthly statements. TD Ameritrade will act as agent in having your DRIP purchases executed.

Futures/Options Disclosures for EU Clients: In accordance with the Packaged Retail and Insurance-based Investment Products Regulation - EU No 1286, retail investors based in the European Economic Area (EEA) can access Key Information Documents (KIDs) through the following landing page: <https://tdameritrade.com/priips-regulation.page>

Taxes: Transactions in foreign securities (including foreign company ADRs that trade in the U.S.) may include taxes and fees charged by the foreign markets or governments, which may be reflected in the price of the security or charged as an independent line item.

Privacy Policy Notification: A copy of the TD Ameritrade privacy policy is available at www.tdameritrade.com

Callable Securities: The allocation of partial redemptions or calls is done using a pro-rata lottery system. A description of the procedures for callable securities is available on the website or hard copies are available upon request.

In case of errors or questions about your Electronic Fund Transfers, please contact us at 1-800-669-3900, or in writing to P.O. Box 2209, Omaha, NE 68103, or by email at clientservices@tdameritrade.com. The information contained in your account statement shall be binding upon you if you do not object within sixty (60) days for any transfer of funds subject to Regulation E, such as ATM and point-of-sale transfers, debit transactions, direct deposits, and withdrawals. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or problem appeared.

- (1) Tell us your name and account number.
- (2) Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
- (3) Tell us the dollar amount of the suspected error.
- (4) We will investigate your complaint and will correct any error promptly. If we take more than 10 business days to do this, we will credit your account for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation.

Important Information

UPDATE TO THE BANK SWEEP PROGRAM

We wanted to let you know about a change relating to the Bank Sweep Program, as called for by your TD Ameritrade Client Agreement.

The following will be removed from the list of Bank Sweep Program Banks: US Bank N.A.; Citibank, N.A.; Wells Fargo Bank, N.A.; Synchrony Bank; Bank of America N.A. Uninvested cash balances will no longer be deposited with any of these banks after April 1, 2023. No action is required from you for this change to take effect.

A complete list of the Program Banks can be found at: www.tdameritrade.com/idaprogrambanks. Program Banks may receive uninvested cash balances in the Bank Sweep Program.

Current information on the terms of the Sweep Program can be found in the latest version of the Client Agreement. You can review it by logging in to your account and navigating to Client Services > Forms and Agreements. Your continued use of your account constitutes your consent to this material update.

ANNUAL MARGIN DISCLOSURE

Securities purchased on margin are the firm's collateral for the loan to you. If the securities in your account decline in value, so does the value of the collateral supporting your loan. As a result, the firm can take action, such as issuing a margin call and/or selling securities or other assets in any of your accounts held with TD Ameritrade, in order to maintain the required equity in the account.

It is important that you fully understand the risks involved in trading securities on margin. These risks include the following: **You can lose more funds than you deposit in the margin account. The firm can force the sale of securities or other assets in your account(s). The firm can sell your securities or other assets without contacting you. You are not entitled to choose which securities or other assets in your account(s) are liquidated or sold to meet a margin call. The firm can increase its "house" maintenance requirements at any time and is not required to provide you advance written notice. You are not entitled to an extension of time on a margin call.**

CALIFORNIA RESIDENTS

If your total payments of interest and interest-dividends on Federally Tax-Exempt non-California municipal bonds were \$10 or greater and you or your Partnership had a California address then TD Ameritrade will report this information to the California Franchise Tax Board each tax year per state statute.
